

# Midterm Information (1 of 3)

## ► Midterm Topics

- All of the topics listed in Modules 1, 2 and 3.
- The posted PowerPoint lectures in Modules 1, 2 and 3 (there are 6 lectures: Probability Basics, Conditional Probability, Bayes Theorem, Combinatorics, Discrete Random Variables and Continuous Random Variables).
- The posted Assignments in Modules 1, 2 and 3 (A1A, A2A , A2B and A3A).

## ► Midterm Format

- The Midterm is a paper-and-pen exam.
- It will be closed book and closed notes. A cheat sheet will be provided.
- No calculator or any electronic devices are permitted during the exam.
- The duration of the exam is two hours.
- It will be administered via Zoom.

# Midterm Information (2 of 3)

## ► Midterm via Zoom

- The Midterm will be administered via Zoom. A link is posted under the Zoom Information tab.
- Please make sure that you have a working Webcam. If not, you should log into Zoom via a phone/tablet.
- Your face, arms and the desk area around you should be visible (as shown on next page).
- Please print out the exam and write on it.
- Once you begin the exam, no phones, computers or communication devices are permitted.
- You will write the exam on paper, scan or take a picture, and upload it on Brightspace.
- Please do not leave the classroom until we have checked your submission.
